RYDER

Are you getting enough hugs each day? Ryder doesn't think so. To him, National Hug Day is every day, and if you do not meet the daily quota, there will be consequences.

This touchy-feely tabby hitched a ride from an unsuspecting stranger in search of a place where social distancing was not taken so seriously. After a pit stop in foster care to pick up his good friend Rajah, Ryder made his journey to CCA to start a Cuddle Therapy program for the less fortunate. Please contact the shelter humans to reserve your spot today!

Ryder is a 1.5-year-old domestic shorthaired tabby with a whole lot of love to share. He is microchipped, neutered, and up to date on vaccines.

Adoptions

DAISY, LARRY, TRIXIE, AND WENDY

Adjusting to shelter life proved exceedingly difficult for a special trio of long-time residents Daisy, Larry, and Trixie. Larry seemed to struggle the most and despite our best attempts for a comfortable environment, most of his waking hours were spent searching for safe paths to concealment, avoiding interaction at all costs. Though no one dared say it aloud, many believed he would spend the remainder of his days at CCA. Still, we did our best to remain hopeful that someone special would come along and take a chance on these overlooked refugees.

Last fall, their lives took a dramatic turn. An application came in for not 1, but **all 3** of our special friends! You can only imagine the astonishment and joy that swept over our team, followed by a few pinches to ensure we were not dreaming. When asked what motivated these wonderful people to open their home to all 3 felines, they replied they simply wanted to help those that had been in the shelter the longest. How heartwarming!

Acclimating to their new home was quite easy, much to everyone's surprise and joy! Yet, despite all the treats and privileged place at the dinner table, something was still missing from Larry's life. After much consideration and deliberation with shelter staff, it was determined that what Larry really needed was to be reunited with the love of his life, Wendy.

Shortly thereafter, Wendy packed her bags and said goodbye to a life she was happy to leave behind. She was warmly welcomed by her new human parents and handsome beau, turning the special trio into a carefree clowder.

Each of our friends received a new name with their new life. Daisy, now known as "Baby Ruth," is an advocate for women's rights and enjoys quality time with "Mr. Brush." Trixie, now known as Winnie, continues her work as a peace ambassador, though she has transitioned to the avian sector. Larry and Wendy, now known as Nelson and Nelly, are exploring the possibility of reopening "Larry's Lounge" in Chesnee for their Boney M. cover show.

We wish all of them the very best in their new lives!

ERNIE

Well known for making a grand first impression, Ernie swiftly dug his way into our hearts.

Enthusiastic and wide open, he leaped through obedience training and earned his title as "Best Show Dog." Being a busybody with unmatched energy, Ernie was returned to CCA multiple times before sealing the deal on his final home with the Canada family, who previously adopted his mother. Ernie now lives on a spacious farm spending his days playing with his four-legged friends. He travels with his family, hiking and exploring until his heart's content and reportedly snores the night away when he's tuckered out. We are happy to know that he is living life to the fullest with his loving and accepting family.

Congratulations, Ernie!

CORA, NOW KNOWN AS TINKERBELL

This little spitfire and her sister were rescued from a dumpster by a Simpsonville Animal Hospital employee. After receiving medical care in her foster home, Cora was transported to CCA where she enjoyed kitty races, catnip, and chatting with her friends on the porch. Not long after her arrival, she caught the eye of a family that was grieving a very hard loss. After meeting Cora, it was decided that our foster-to-adopt program would be a great way to see how she felt about having a big brother. Within weeks she had made a pact to help brother Scherzo realize his full potential as a pet cat. Now they both enjoy snuggling with mom and sharing views of wildlife in between play sessions. Thanks to Tinkerbell, hearts have begun to heal!

MADDIE

This young pup came to CCA after a very uncertain beginning. Having been relinquished to veterinary technician Hannah with the prospect of demise, this little fighter proved everyone wrong by surviving anemia, malnourishment, and multiple parasitic infestations. Once healthy enough for adoption, Maddie entered foster care with special CCA friend Leslie Baker and learned the basics of being a puppy. Thanks to tender loving care and many, many social outings, Maddie finally found her perfect home with the Shaver family. She now shares her life with multiple species and brings bundles of joy and energy wherever she goes.

Congratulations Maddie!

Dexter "Noodles" Dankworth

Polished and charming with a signature smile, it is difficult to understand why I am the last pup camping at the shelter from a litter of nine. I walk nicely on a leash, learn quickly, and conduct myself like a gentleman on outings with volunteers and staff. I am also a team player that forms good relationships with other dogs of various ages and temperament.

Cyrus

Yep, it's me, Mr. Fluffy Pants. I'm a "go with the flow" kind of guy and if you like to explore, we may be a match! I can help you scout out the perfect spot for R&R, but I expect you to bring the snacks. I love one-on-one time and giving gentle hugs. I also walk well on a leash, love to be outdoors, and enjoy riding in a car.

Quinn

Hey! My name is Quinn, but my best friends call me Quinny. When I hear my name, I get so excited because that means the humans are going to give me attention! I am told that I am very sweet and calm for my age, but I will tell you that I am a very independent woman! The only thing I would really like to have is a calm home that has plenty of hands for petting.

Piper

This loving princess is searching for a home where snuggles are guaranteed! Find Piper atop her cat tower, getting her beauty sleep or watching birds through the window. Those emerald eyes are sure to enchant you. Do you believe in love at first sight?

Moon

Moon is my name, but you can call me Moonpie! My friends describe me as whimsical and animated. I zoom around with lightning speed, chasing toys and leaping into boxes to pop out at passersby. I am also easily distracted. Oh look, a laser! That's my cue.

Where they are now... Abigail & Blue

At the end of 2010, CCA volunteers rescued two adult dogs and five puppies from a very miserable existence. Abigail, one of the puppies, was adopted in January 2011 by a wonderful couple who had the patience, understanding and unconditional love that allowed Abigail to blossom. Fast forward 11 years...

Dear CCA,

Abigail is a wonderful happy dog who is so gentle and kind! She has slowed down a bit as she is now 11 years old, but when it is walk time (twice a day) Abigail is like a puppy ready to sprint and run. You provided the best pup we could have ever gotten!

Sincerely,

Jean and Phil Fecteau

Blue's Adoption Story

Blue came into our lives unexpectedly. We already had three indoor pets, two dogs and a cat, and weren't looking to adopt another. However, one day the CCA newsletter arrived, and one of the featured dogs caught my husband's eye. He was a seven year old blue tick hound named Blue. He had come to CCA after his owner, an older man, had died two years previously, and, looking at his photo, I somehow knew he was meant to be part of our family. My husband took a little more convincing. We didn't "need" another dog, much less one as large as Blue, but we took our dogs, Tebow and Beamer, to meet him. We all fell for him, hard, and that was that. 😊

Four months after adopting Blue, my husband was diagnosed with cancer. He's okay now, but treatment and recovery were rough. Having Blue during that time was a real blessing. We are close to all our pets, but Blue never left his side. They are still best buddies.

I think sometimes people are reluctant to take a chance on an older dog. We know their time is limited, that heartache will come sooner rather than later. But four years after joining our family, Blue, now age eleven, still frisks around like a puppy. And we couldn't ask for a more loving dog. I have never seen anyone, animal or human, so overjoyed to wake up every morning and realize he gets to spend another day with his family. He is one happy hound, and his joy is contagious. Blue is truly a blessing, and we are so thankful for every day with him. We thought we were giving a long-term shelter dog a home. As it turned out, we needed another dog after all. ❤️🐾🙏

Who We Are

Founded in 1980, Concerned Citizens for Animals is celebrating 41 years of improving the lives of homeless animals in the Upstate. Through our shelter operation, and a variety of community service programs, CCA offers a second chance to neglected, stray and abandoned animals.

As the oldest no-kill shelter in the Upstate, CCA provides treatment, sterilization, care, and a safe haven for its residents until loving homes are found. Prospective homes are screened, references are checked and home visits made to ensure the animals are placed with responsible, caring individuals and families.

CCA's Feral Cat Program employs the TNR (trap, neuter, and return) process to assist feral cat colony caretakers in maintaining the health of the colony and curbing the colony's growth. Our Low Cost Spay/Neuter Program is effective in alleviating animal suffering by reducing the number of unwanted canine and feline births in the Upstate.

The combined efforts of an involved management team, a dedicated caretaker and an active volunteer force create a powerful influence in the lives of the animals in our care and those in the community we serve.

Mission Statement

CCA shall not euthanize any animal unless it is beyond medical care, and suffering would be the permanent result of medical treatment.

CCA shall operate an animal shelter for abandoned, sick, injured, or otherwise homeless animals.

CCA shall maintain an adoption program to permanently place homeless animals in qualified homes.

CCA shall maintain a low-cost spay/neuter program for the community.

CCA shall strive to prevent or stop any abuse, neglect, or otherwise inhumane treatment of any animal.

**Concerned Citizens for Animals is a 501(c)(3) non-profit organization.
Please consider supporting CCA's work with a tax deductible donation.**
